

REMARKS/ARGUMENTS

Applicants have received the Office Action dated August 25, 2003 in which the Examiner concluded that claims 2, 3, 7 and 9 would be allowable if rewritten in independent form, but rejected claims 1, 4-6, 8 and 10-12 as anticipated by Segesman et al. (U.S. Pat. No. 4,360,777). Applicants re-submit originally filed claims 2-7 and 9-12, with claims 1 and 8 canceled and claims 2-4, 6-7 and 9-12 being amended. Applicants also submit new claims 13-20. Based on the reasons stated herein, Applicants respectfully submit that claims 2-7 and 9-20 are patentable.

Claim 2 is rewritten in independent form as per the Examiner's suggestion, immediately placing claim 2 in condition for allowance. Claims 3-7 are amended to be dependent on or from claim 2. Thus, claims 3-7 are allowable at least for the same reason as claim 2.

Claim 9 is rewritten in independent form as per the Examiner's suggestion. In addition, claim 9 is amended to reflect that "the relative weights of the VMD and HMD responses are approximately $3/2$ and $-1/2$, respectively." Segesman does not teach or suggest this limitation. At least for these reasons, claim 9 is allowable. Claims 10-12 are amended to be dependent on or from claim 9. Thus, claims 10-12 are allowable at least for the same reason as claim 9.

New claim 13 requires "performing a weighted summation of the first and second response signals." Segesman does not teach or even suggest this limitation. At least for this reason, claim 13 and new, dependent claims 14-16 are allowable.

New claim 17 requires a processor that "determines the combined response as a weighted sum of the VMD and the HMD response." Segesman does not teach or suggest this limitation. At least for this reason, claim 17 and new, dependent claims 18-20 are allowable.

If any fees or time extensions are inadvertently omitted or if any fees have been overpaid, please appropriately charge or credit those fees to Conley Rose Deposit Account Number 03-2769 and enter any time extension(s) necessary to prevent this case from being abandoned.

Applicants respectfully request that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'D. Krueger', is written over a horizontal line.
